#### Testimonials

I purchased your Small Business FLV Hosting package. I had some questions. You answered my questions. Not only did you do that but you promptly replied back to me, AND THAT IMPRESSED ME.  
Thank You, Jeff - 1/21/2006

Thanks! I am very impressed with the professionalism of the Customer support group. I also received a very professional response to a technical question I sent to a member of the support group. I look forward to using the encoder and working with you. I like your sample FLV players  
regards-> Bill Sims. - 12/14/2005

Thank you for helping me out in such a quick and timely fashion, I truly appreciate it.  
Rhonda R - (12/14/2005)

Thanks again for your quick response and your customer service. yours faithfully  
Dawn T. - (10/6/2005)

#### **FLV PLAYER - AFTER ENCODING - TEST YOUR FLV FILES LOCALLY.**

The Free FLV Player by FLV Hosting is the latest is a string of webmaster tools to make life easy when adding video to websites. This player works in tandem with the FLV Encoder, a file compressor for various file formats, to **Flash FLV** .

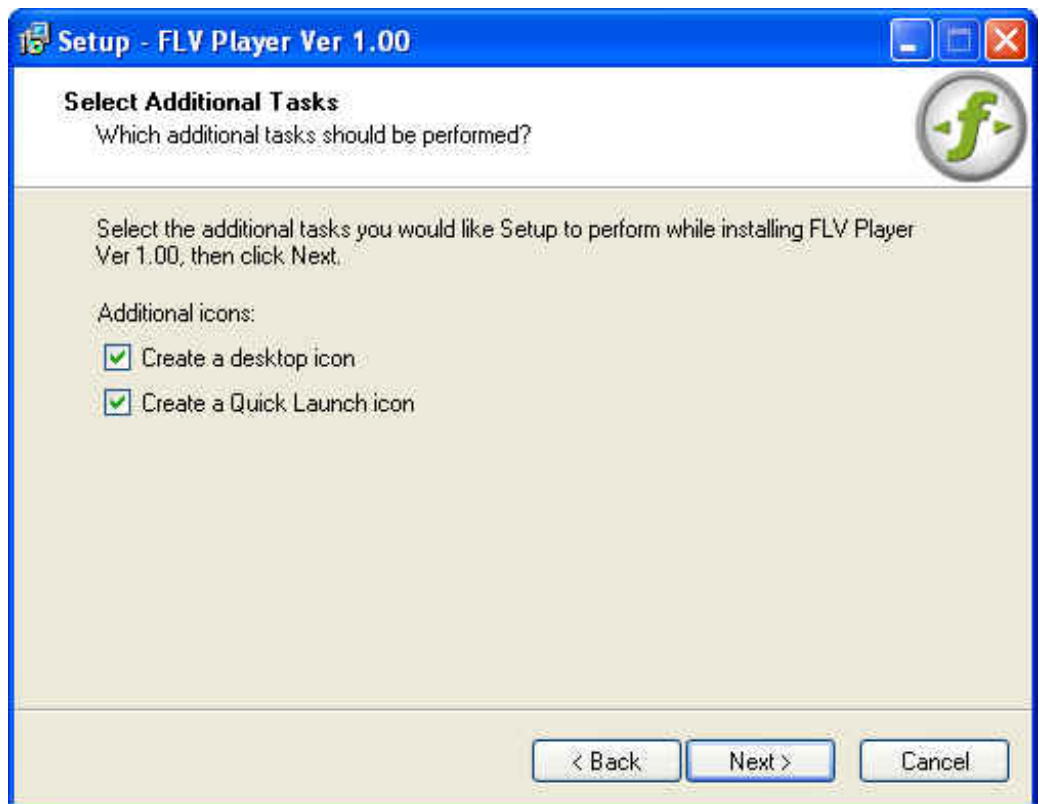

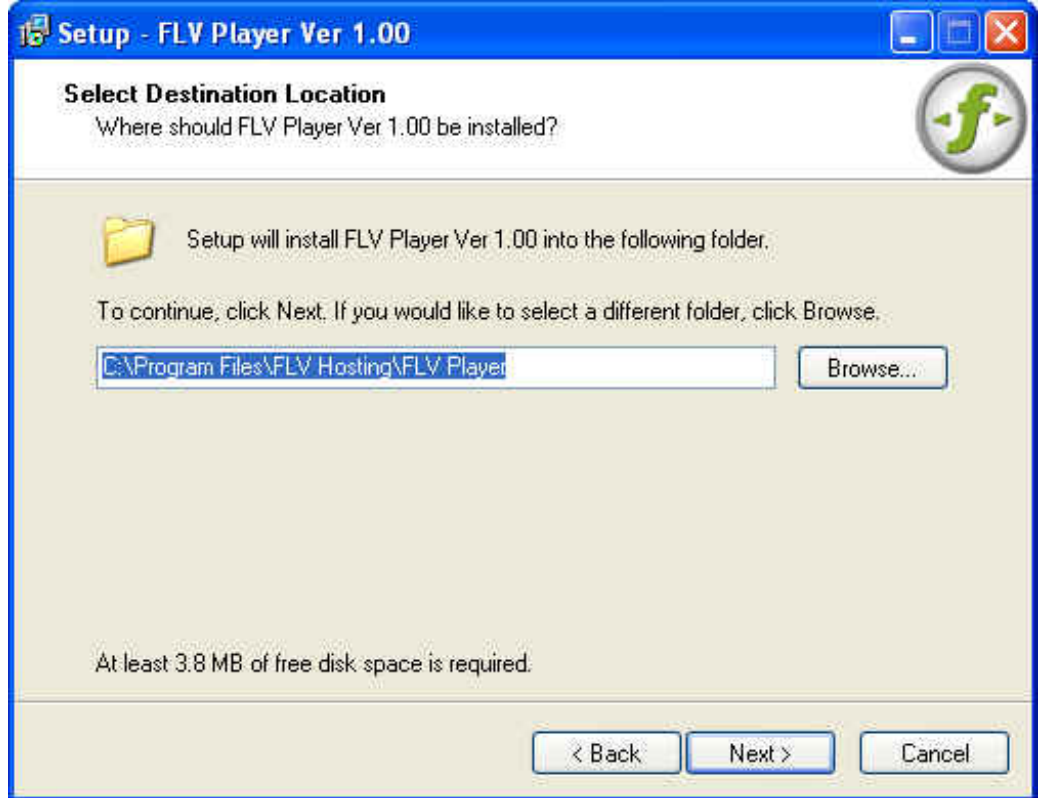

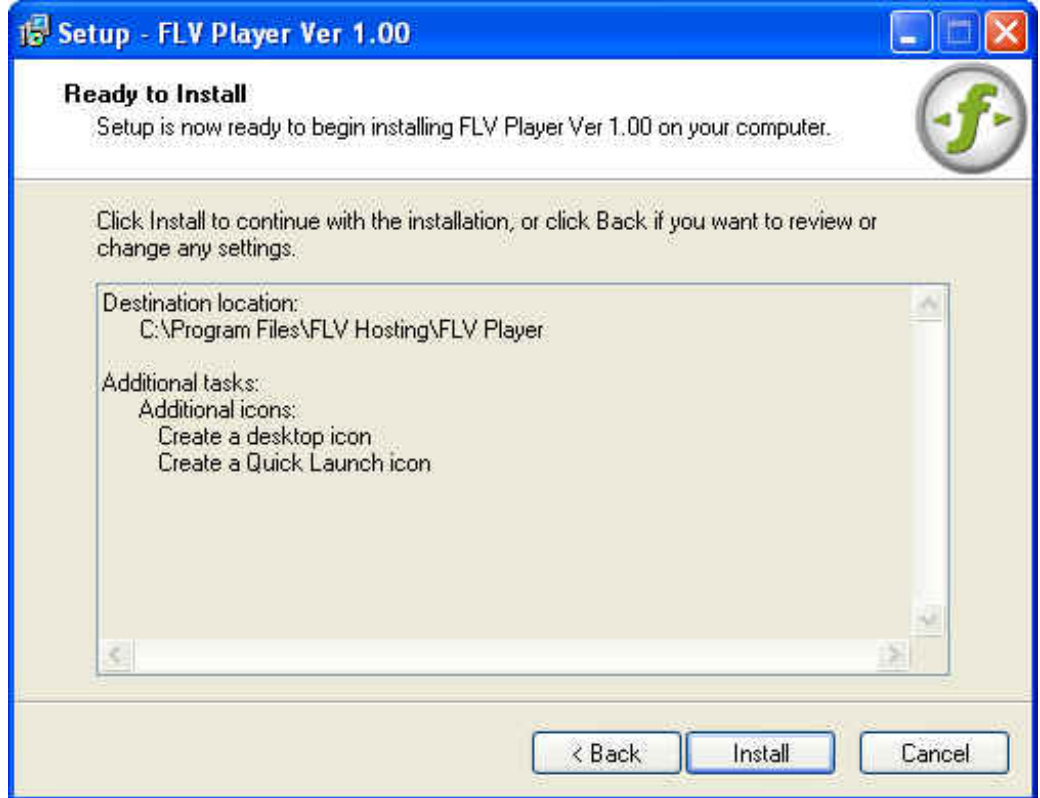

**Flash FLV** is now recognized as a fabulous format, using swf players to connect to the flv file either by progressive download of streaming via Flash Communications server or Flash Media Server. Large entities such as Google, Yahoo! and Youtube now use FLV and FCS to power their video program

The Free FLV Player plays FLV files on your PC, and launches them directly from your browser when finding them online

Below are the screenshots to show the installation of the Free FLV Player by FLV Hosting
